What is being proposed?

EPA proposes to issue a Clean Air Act (CAA), 40 Code of Federal Register, Part 71, Title V Renewal Permit for the Tekoi Landfill on the Skull Valley Band of Goshute Indian Community.

Tekoi Landfill
Waste Management of Utah, Inc.
6976 West California Ave
Salt Lake City, UT 84104

EPA issues CAA Title V operating permits in Indian country where EPA has not approved a tribe to implement the Title V operating permit program. The Skull Valley Band of Goshute Indian Community does not have an approved Title V operating permit program.

Air pollutant emissions come from the landfill and associated equipment. The draft operating permit includes requirements for air pollutant emissions control.

The U.S. EPA Region 8 Air Program is the regulatory agency that helps protect and preserve air quality on the Skull Valley Indian Reservation.

What happens next?

EPA will review and consider all comments received during the comment period.

Following this review, EPA may issue the permit, issue with revisions, or deny the permit.
